## ***Welcome to Rothesay Harbour***

Rothesay Harbour Pontoons are managed by Bute Berthing Company Ltd. who wish you a most enjoyable stay. We have pontoons in the Inner & Outer Harbours. The Outer Harbour pontoons are scheduled for replacement starting in June 2020, which will provide improved stability and safety. There may be some temporary access restrictions to the Inner Harbour during the works, so please phone ahead for up to date information.

Access to the Inner Harbour is via the lifting bridge which will be raised upon request to the Harbour master subject to the operating schedule of Calmac Ferries & other larger vessels using the pier. Please contact the Harbourmaster's Office on VHF Channel 12 or by telephone on 01700 503842 to book your entry or exit time. The bridge remains lowered during ferry arrival times for foot passengers. Traffic lights at the Harbour entrance must be obeyed when entering or leaving the Harbour.

Toilets & showers are available operated by Bute Victoriana Ltd. Toilet access outside opening hours by key and showers access by key code available from the Marina Office. Disabled toilet facilities available within the Victorian Toilets on Rothesay Pier and within the pier head building.

Rubbish bins are located on the Middle Pier. Bottled Gas from Bute Tools in Montague Street & Mill Street Garden Centre, Mill Street, Rothesay.

Regular bus services operate from Guildford Square opposite the Marina and restaurants & pubs are located within easy walking distance of the Marina. Cash points at the Co-op in Guildford Square & in Bridge Street, TSB & Bank of Scotland in Montague Street.

**Please see the reverse of this leaflet for short term and annual berthing rates.**
